

Careers

Novus' underlying principles begin with our name, meaning new spirit, fresh, and extraordinary. Our firm specializes in the fields of atmospheric science, acoustics, and human health. We continually challenge ourselves to listen, innovate and offer a new spirit in consulting.

Due to strong growth, we are seeking highly motivated individuals with technical expertise to fill positions in the following technical fields:

- **Noise, Acoustics and Vibration (Job Reference 10-02)**
- **Air Quality and Meteorology (Job Reference 10-03)**
- **Building Ventilation and Air Quality (Job Reference 10-04)**
- **Health Risk and Epidemiology (Job Reference 10-05)**

Qualifications: The successful candidates will have the following qualifications:

- M.Sc. or Ph.D. in relevant field
- Minimum of 3 years related work experience
- Excellent written and verbal communication skills
- Creative, flexible and multitasking work habits, ability to work independently and a good team player
- Highly organized, reliable, energetic and a diligent worker as well as a quick learner
- Self motivated, enthusiastic and goal-oriented
- Preference will be given to individuals with visual basic and programming experience

Novus provides competitive compensation and benefits, and a committed and supportive work environment. For each position, salary will be commensurate with experience.

If you are interested in applying for one of these positions, please send your resume and a cover letter outlining how you can contribute to our team in confidence to careers@novusenv.com. Individuals may also apply by mail to:

Novus Environmental Inc.
Research Park Centre
150 Research Lane, Suite 105
Guelph, ON, Canada,
N1G 4T2

We thank all candidates for applying, however only those chosen for an interview will be notified.

Novus - exceptional people, extraordinary results.
